Linda,

After assessment of the staffing shifts in Beverly Hills, we have decided to only allow the 5 volunteers to go at this time. The following 3 juniors that were to be excessed should be removed from the excessing list at this time:

Jackson Terria

Roby Raquel

Berto Rosa

Also, please delay the implementation for Beverly Hills only (if possible with volunteers) until the end of February. The actual employees volunteering has resulted in new scheme training and the office will need this extra time.

This will ensure we have operations that don't fail upon implementation. Of course any new excessing in Beverly Hills will affect these employees at a later date.

I will continue my assessments and notify you should I need to make any other adjustments.
