Dear Omar:

This is in response to your letter of January 24, 2008 regarding the meeting that was scheduled in San Francisco on Wednesday, January 23, 2008.

On Friday, January 25, 2008, W. Groux, District Manager, San Francisco advised that she was under the mistaken impression that the meeting that was scheduled for January 23, 2008 was a local leadership meeting to discuss sectional excessing. She further acknowledges that her staff was aware that the meeting was called at your request to discuss excessing from the craft and/or installation.

I have been informed that the meeting has been rescheduled for 8:30AM on Friday, February 1, 2008 in Room 291 at the District Office in San Francisco and that attendees for the union will not be an issue. I have also been assured that no notification to the impacted employees will occur until after the meeting. In fact, a timeline for standup talks and the issuance of letters notifying impacted employees of their involuntary reassignments is one of the topics to be discussed.

In the interim, Linda Shumate has run a listing of clerks in seniority order from Web Coins for each of the affected bid installations and transmitted to you electronically. San Francisco will be forwarding the additional information requested by the General President of the San Francisco local and as soon as we receive it, we will send it to you.

We apologize for any misunderstanding that occurred on the day of the meeting.
