Omar M. Gonzalez, Coordinator

Dear Omar:

This is to advise you of the intent of the Sierra Coastal Performance Cluster to excess three (3) Level 10 Electronic Technicians, two (2) Level 4 custodians, one (1) Level 7 Maintenance Support clerk and one (1) Level 9 MPE Mechanics from the Mojave bid installation. The basis for this action is the transfer of workload and equipment to the Bakersfield and Santa Clarita plants and a reduction in the custodial workload credit.

Additionally, the previously identified impact to the clerk craft will be reduced from 33 full-time clerks to 31 full-time clerks and from 25 part-time flexible clerks to 17 part-time flexible clerks. The reduction is based on a decision to retain 3 DBCS's in the Mojave Post Office to process DPS volume for the 935 zones other than Lancaster and Palmdale.

The impacted employees will be notified by separate letter of their involuntary reassignments. By copy of this notice, the Pacific Area will withhold up to 38 full-time residual assignments and 17 part-time flexible opportunities in the clerk, carrier, maintenance and mail handler crafts in post offices and plants within a 200 mile radius.

Copies of the automated impact statement for the maintenance craft employees and the back up operational data are attached. You were previously provided with the operational data and impact statement for the impacted clerks. Also attached is a list of the impacted maintenance craft employees and a revised list of the impacted clerks. If you wish to discuss this matter further, you may contact Carol Hunt at (858) 674-3189 to make the necessary arrangements.
