Omar M. Gonzalez, Coordinator

The post excessing reports for the Phase One offices in the Santa Ana Performance Cluster and the Sacramento Performance Cluster where the employees have migrated are attached. The remaining impacted Phase One sites are scheduled to complete their excessing on April 11, 2009 at which time we will send you the post excessing reports for these sites.

By copy of this notice, we are cancelling the withholding authorization for the Phase One offices in the two Clusters denoted above. However, any positions not utilized for placement will be carried over for use in placing impacted clerks in the Phase two offices.

Mike:

Why are the positions not utilized for placement to be carried over in placing impacted clerks in Phase 2 offices if the radius and placement miles have been modified to a local commuting area?
