**Omar M. Gonzalez, Coordinator**

This is to inform you of the U.S. Postal Service's decision to consolidate mail processing operations at the Mojave Post Office with those of the Bakersfield Processing & Distribution center (P&DC).

We advised you on Sept. 17, 2009, of our intent to conduct a feasibility study. After review, we have decided this consolidation is in the best interest of the U.S. Postal Service and will result in significant savings.

We expect this transition to be completed in June, 2010. As part of this consolidation, we may have to reassign some career employees to the Bakersfield P&DC or to other vacant positions, in accordance with applicable collective bargaining agreements.

Because of the drastic decline in mail volume, the Postal Service is in a fiscal crisis and must take action to reduce the size of its mail processing network. Consolidating operations such as this is necessary if the Postal Service is to remain viable to provide mail service to the nation.

If you have questions, or need additional information, please contact either me or Linda Shumate. I can be reached at (858) 674-3184 and Linda can be reached at (858) 674-3183.

Sincerely,

Mike Thomas
