This is to advise you of the intent of the San Diego District to utilize the provisions of Article 12.6.C.5 of the National Agreement to involuntarily reassign eighteen (18) full-time mail handlers and sixteen (16) part-time flexibles mail handlers from the from the craft and installation at the San Bernardino bid cluster based on the results of a Function 1 baseline review. Specifically, the review showed that the workload did not support the current on rolls complement.

The impacted mail handlers will be advised of their involuntary reassignments by separate letter. The reassignment process would normally not occur prior to July 30, 2011; however, given the loss of workload and the financials of the Postal Service nationwide, it may be necessary to reassign some or all of the impacted mail handlers prior to that date. It may also be necessary to utilize the provisions of Article 7 to detail some or all of the impacted employees during the notice period to provide them with a work opportunity.

By copy of this notice, the Pacific Area will withhold up to eighteen (18) full-time residual assignments in the mail handler and custodial crafts and sixteen (16) part-time flexibles opportunities in the mail handler craft in offices and plants within a 900 mile radius of the impacted site. A copy of the sites in which withholding may occur is attached.

Also attached you will find a copy of the Automated Impact Statement, a copy of the Function 1 baseline and a list of the impacted junior mail handlers in each category.

We would like to schedule this impact (Event 23685) for discussion with you. Please contact Linda Shumate (858) 674-3183 to arrange a date to meet on this impact.
