Omar M. Gonzalez, Coordinator

Dear Mr. Gonzalez,

On September 15, 2011 we notified you that we were beginning an Area Mail Processing (AMP) feasibility study at the Olympia, WA, P&DF. The Seattle District office has completed its review and submitted it to the Western Area Office for consideration.

We welcome public input and will hold a meeting to explain the proposal on Friday, November 18, 2011, at 6 p.m., at the Phoenix Inn, 415 Capitol Way North, in Olympia.

Attached please find a summary brief of the AMP proposal. One week prior to the meeting, we will post presentation materials along with the summary brief on our website, <http://about.usps.com/streamlining-operations/area-mail-processing.htm>.

We also will accept any public comment on the study up to 15 days after the meeting. Comments may be mailed to:

Manager, Consumer and Industry Contact
 Seattle District
 PO Box 90306
 Seattle WA 98109-9631

If you have any questions concerning this AMP proposal, please contact Scott Sutton at 303-313-5449.

Sincerely,

Chris A. Jordan
 Manager, Labor Relations

AREA MAIL PROCESSING (AMP) FEASIBILITY STUDY
Olympia, WA, P&DF to Seattle, WA, P&DC

November 2, 2011

An Area Mail Processing (AMP) study was initiated to evaluate moving the mail processing operations from the Olympia, WA, Processing and Distribution Facility (P&DF) to the Seattle, WA, Processing and Distribution Center (P&DC). The initial results of the study support the business case for consolidation. This study, currently in review at United States Postal Service Headquarters and its Western Area Office, is subject to change.

A public meeting will be held to share the initial results of the study and allow members of the community to ask questions and provide feedback. The public's input will be considered prior to a final decision. The meeting will be held on Friday, November 18, 2011, at 6 p.m., at the Phoenix Inn, 415 Capitol Way North, in Olympia. Below are preliminary highlights from the study:

Business Case:

Below is a breakdown of the estimate of annual savings:

Annual Mail Processing Savings	\$1,375,265
Annual Management Savings	\$532,439
Annual Maintenance Savings	\$1,644,319
Annual Transportation Savings	\$36,833

Proposed annual savings in the draft AMP feasibility study are approximately 3,588,856.

Postal Employees:

Due to the consolidation, a net decrease of approximately 29 positions is projected. All bargaining employee reassignments will be made in accordance with the respective collective bargaining agreements.

Local Customer Considerations:

- There are no retail services available at the Olympia facility.
- Business mail acceptance will remain the same.
- Local collection box pick-up times may change as a result of the AMP.
- A local postmark will be available for stamped First-Class Mail.
- Delivery times of mail to residences and businesses will not change as a result of the AMP.
- The proposed consolidation would support a 2- to 3-day service standard for First-Class Mail.

Commercial Mailers:

- Mailers who presort mail will continue to receive appropriate postage discounts.
- Mailers who drop ship to Destination Sectional Center Facility (DSCF) for ZIP(s) 985 can expect changes if the AMP is approved.
