CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Dear Regional Union Officers:

As a result of a Function 4 review of insufficient four hours continuous mailhandler workload at the Scottsdale AZ Post Office, you were notified by letter dated October 6, 2006 of the authorization for the Arizona Performance Cluster to withhold six (6) FTR level 4 and below Mailhandler and Maintenance craft positions within 35 miles from the Scottsdale AZ Post Office.

This is to notify you that due to a recently completed Function 4 review, it is necessary to revise the withholding authorization. Due to insufficient four hours continuous mailhandler workload it is now necessary to withhold up to eight (8) FTR, from the previously authorized six (6) level 4 and below Mailhandler and Maintenance craft positions within 35 miles from the Scottsdale AZ Post Office. Enclosed we are providing an updated Site Impact Report.

If you have any questions, please contact Dan L. Foster, Western Area Labor Relations Specialist at (303) 313-5702.

Sincerely,
