The excessed employees will be placed into withheld maintenance craft assignments in plants and post offices within 100 miles of the losing installation (reassignments beyond 50 miles will be voluntary or for the purpose of VER replacements).

The impacted employees will be given 90 days advance written notice of their involuntary reassignments. In addition, the full-time impacted maintenance craft employees will be given a list of available withheld assignments within their level and occupation code from which to make a placement selection based on their seniority.

Copies of the Automated Impact Statements (AIR's), the list of impacted employees by level, category and occupation code are attached.

By copy of this letter, the Pacific Area is authorizing the withholding of up to 121 residual assignments in plants and post offices within 100 miles of the Marina/Inglewood installation. You will receive copies of the withheld assignments each pay month.

If you have any questions or wish to meet on this matter, you may contact [REDACTED]
